

Stainless steel surface mounted keep for surface mounted locks

SF-

Aesthetical surface mounted keep. Specially designed for our complete range of surface mounted swing gate locks. The limited 8 mm visible thickness ensures a discreet look. A highly efficient assembly with minimal gate preparations is guaranteed, while the unique Quick-Fix ensures a fast and strong fixation on the gate. This unique keep in combination with the gate lock ensures a strong gate anchoring.

SF- Stainless steel surface mounted keep for surface mounted locks, adjustable for 40 mm to 60 mm gate frames

Pull Counter Box

3006PC

Aesthetic solution in aluminium for the construction of symmetric double swing gates in combination with the Locinox keep. When used with the Locinox 4D-hinges, you can simplify your production of double gates to one single identical gate wing which can be used either on the left or right side. The pull counter box fills up the symmetric lock opening in the other gate wing.

Color options

ZILV 6005 6009 7016 9005

Specifications

- ✓ Folded pull counter box with same shape as the industrial lock
- ✓ To use in combination with the SA or the SH keep with the special through and through fixing
