

BLACT 815 ACTUATOR CONTROL / ARM

Platinum Access Systems Inc.

The **BLACT 815** is a powerful brushless DC Motor actuator that is one of a kind in the industry. This product is designed for multiple uses. It is suitable for residential use and apartment and condominium complexes. Perfect for homeowners. Make Platinum Access your first choice.

All of our products are carefully inspected and mechanically tested to provide unsurpassed performance. Unique engineering innovations ensure that any **Platinum Access Systems** model will meet the needs of most types of gated entrances. Our equipment is also backed by the safety and reliability of the most advanced control board in the industry.

Features and benefits:

- BLGOC 3000 brushless motor control board with input/output board.
- Electronic reversing sensor built into control board
- Adjustable timer from 0-60 seconds
- Soft Start and Soft Stop
- Precision limit switches
- Surge protection
- Alarm reset button
- Charcoal Gray - Powder Coated control board box
- Powerful and long lasting brushless motor

5 Year Warranty on Gearbox and Motor

Residential or light commercial warranty

Specification	Data
Manual Release	Key Release
	Optional Fail Safety
Gate Capacity	Maximum gate length 15 ft.
	Maximum gate weight 800 lbs.
	90° opening in 21-25 seconds (Max @ 120)
Motor	Instant Reversing
	Continuous Duty
	Brushless
	24V DC
Dimensions	15.5"H x 14.5"W x 6.5"D
Main Power	Power Input: 100-240 VAC
	Select 115 / 230 VAC Single Phase
	On/Off switch
	Built-In 24VDC battery Backup
